Dear Sir/Madam

Waste Comments

Thames Water would advise that with regard to sewerage infrastructure we would not have any objection to the above planning application. See non-standard response.

Water Comments

Supplementary Comments

A specific solution has already been agreed for foul water discharges by Thames Water as part of a requisition. As surface water discharges are not connecting to public sewers, approval is a matter which should be agreed with the land owner / Environment Agency / Highway Authority. Attenuation ponds

Yours faithfully
