Dear Linda

Reserved Matters Applications – Kingsmere, Bicester

In confirmation of my email of 16th March, we request that conditions twelve and forty nine be discharged, as we the adopting authority have checked and approved the proposals put forward by Countryside Properties for the drainage.

We will where possible we will require, swales, infiltration trenches for the Primary Streets. Space is tight on such developments and we believe that so far the best that can be achieved has been for the spine road.

It is expected that the Flood and Water Management Act, will become law and be in-acted by April 2012, so we will have to deal with any problems that may arise.

Yours sincerely

Barry West
