

Safer Communities and Community Development. Planning Consultation Response.

Application No. 10/00015/DISC

Proposal. Discharge of Condition 40 of 06/00967/OUT

Location. Land at Whitelands Farm South West of Bicester Adjoining Oxford Road

Planning officer. Linda GRIFFITHS

Response.

I would accept the applicants submission the a CEMP is an organic document which develops with time. With this in mind I have reviewed the structure of the draft CEMP and have found there to be no significant omissions. One minor point is the Councils' Environmental Health contact is listed as Mr Ricky Cherry. I would suggest that Mr Cherrys' name is removed and replaced with two named contacts. Firstly Mr Sean Gregory who would lead on Contaminated Land and Air Quality and myself who would lead on noise and other nuisance associated with the schme.

Rob Lowther
Anti Social Behaviour Manager.
