Oxford United is a huge part of my life. 31 years of supporting the club through the influence of my Dad who grew up in Oxford. The new stadium is an essential part of our survival, and subsequently the survival of so many people's social life and community. It would be devastating to a club with so many fans to see this not go as planned. It would also significantly hamper the City economically, with so many fans spending on match days. We're a sleeping giant as well - 36,000 fans attended Wembley in 2010 for the Play Off Final. Many more fans would be born as a result of the clubs success, creating more economic

growth in the area. Please support our stadium push. Thank you.
