Comments	As a Cherwell resident I'm really excited by the prospect of a new stadium being built her The chance to watch elite professional sport is inspiring, and I hope my daughters will group to be inspired and proud of their local teams and local area.	
	The design looks to be modern and environmentally friendly, limiting the impact on locals while still delivering world class facilities.	
	Additionally, this location is ideal as it is so well connected by public transport. Any other location simply wouldn't be able to compete.	
	I fully support this application and I hope you do too. Thank you
