I strongly support the planned application for the new, stadium near Kidlington.

I feel any delay in the decision or if it is not approved Oxford United would cease to exist. The location of the stadium will be one of the best in the country with excellent transport links especially sitting adjacent to the rail station.

I for one would either be using public transport or cycling and never think of using my car. I feel very envious of my very young grandchildren as they will benefit from a world class stadium and it's, facilities more than me for decades.

In my opinion the stadium will benefit many many people and be a shining beacon, we of oxfordshire would be very proud of.
