The match day road closures are going to cause chaos to an already extremely busy area, especially at weekends. This site is completely unsuitable for a football stadium.

I have family members who are season ticket holders and they will not renew their tickets if the club moves to the triangle, mostly due to transport issues and extra cost implications.

I believe parking in the area will be another huge problem, as I understand there will be no parking at the ground. They say supporters will use public transport but I don't believe this will be the case.

We don't need to lose anymore greenbelt in the area. This is also going to cause harm to wildlife.
