Comments	The Development of the New Oxford Stadium is a must for the community and the football club, with no stadium the club will have no attendance and subsequently the football club will die. So many people rely on Oxford United for entertainment and it means so much to so many people. The young community of Oxford, myself included, thrive on football for enjoyment and the loss of this club would impact so many. This is important for all ages, all genders and the people of Oxfordshire.
