I urge the Council to support this rare opportunity to construct an up to date football stadium which will be a credit to the city of Oxford in accommodating the only football team in the county with football league status.

The development will also provide additional facilities to the local community, thereby providing extra amenities, which are currently minimal, to the county of Oxfordshire. This is a great opportunity to increase the status of Oxford as a football team, and comes at a time when they are chasing hard to enter the national Championship league which would greatly assist Oxford as a football team and provide additional national focus for the city of Oxford.

Please give every consideration in your deliberations over the present planning application and conclude with approval of the scheme that can only result in an asset to the local area.
