Comments	<ul> <li>(1) There are absolutely no special circumstances which might justify this gross encroachment on what little remains of the Green Belt. ( It is now recognised that the football club does not have to move out: the landowner has confirmed that he is willing to negotiate a new lease or licence ).</li> <li>(2) The extra traffic on match days will have a paralysing effect on a main artery into and out of Oxford. If the Planning Authority is ( regrettably ) otherwise minded to grant consent, it must surely impose a Condition that a bridge first be constructed from the Station and the Park-and-Ride.</li> <li>(3) Even with a bridge ( and a fortiori without ) there will be significant highway safety issues over up to 16,000 people funnelling into this very small site surrounded by busy roads.</li> <li>(4) How very sad it would be to see concrete replacing nature on one of the few remaining green lungs in the area!</li> </ul>
