I am writing to offer my support to the proposed new stadium for Oxford United at The Triangle with a view to completion by the start of the 2026/27 football season. I have supported the football club for most of my adult life (as has several family members). The club has enjoyed some success over the years (including winning the League Cup in 1986). I hope that the club can, in its new home, continue to enjoy success and with the opportunity for bigger gates (for home and away supporters) and with other leisure based infrastructure as well as providing employment opportunities to the local community and being mindful of the carbon footprint, as outlined in the plans, there is a huge amount to commend this project. I look forward to the progression of this. Thanks. Julie Carvell
