Objection

neighbour

I am objecting to the OUFC stadium being build in Kidlington.

Don't want to see more traffic/ road closures. With only 184 parking spaces that means fans will be parking down roads near to the stadium.

Football fans home and away making trouble in the area. Noise on match days. Litter. The area is full of nature and lovely willow trees that are used by a local company. The nesting site for animals will be gone. OUFC have not gone about this application properly with several contradictions in the process.

Not sure why they need a large stadium anyway when they never get a full house at the Kassam.

Why cant they stay where they are??

Have they asked to stay ????

If its build who is going to buy our house if we decide to move? OUFC??? House prices will go down as people are not wanting to buy houses near a stadium also if they decide to close roads on match days.

People who seem to want it to be build do not live close. Some live miles away so it doesn't matter to them .

You have to listen to the local people who's lives are going to change for the worst if its build.
