My concerns are for the traffic and parking. I live close by I wish to object to needing a parking permit to park outside my home. People do not use public transport as much as they should or as much as is being proposed.

A concern for closing the road to all traffic going about their Saturday business is ridiculous. I would like to think we can try and keep a proper gap between Kidlington and Oxford, this tiny slither will not be acceptable.

Kidlington needs to keep its open spaces for wildlife, all the new housing developments being planned for the surrounding areas. Wildlife will have no where to go.
