This facility will benefit the whole of the county and should be approved at the earliest opportunity. The financial benefits to both Cherwell District Council and Oxfordshire County Council are much needed. The future of our only football league club is at stake and the failure to approve will bring to an end of Oxford United. The fact that this will require no financial outlay from the taxpayers and will be paid for by private investment is again a great benefit to the two councils. The amount of income both councils will receive, is again a significant reason to pass this application.

The residents surrounding this development need this to be approved for the future of our young people. It will bring in jobs and social benefits.

Please pass this application, therefore securing a great future for both the club and our community.
