Oxford United have been a part of my life since I was 8 years old. I am now 39. That's 30 years of meeting friends, enjoying family time and making lots of new friends along the way who all share one passion and that is Oxford United.

The club is a huge part of the community and without the security of a new home this could potentially result in a club that is 130 years old to be no more. It would break the hearts of thousands.

My father has worked for the club for almost 40 years on a match day. He doesn't do it for the money. He does it for the love of the football club. He's also a single man of nearly 70 and it's his one joy a few times a month to see people, "his football family". To take that away from a man who has put his heart and soul into his love for the club would destroy him.

So please, make the right choice and save our clubs future.
