Comments	Tastefully designed and respectful to and of the environment. Situated in a currently poorly managed area, it will improve the land environmently and aesthetically greatly. In the process, providing much needed sporting and leisure facilities, bringing in additional visitors and revenue to the local area, including myself. A prestige city, Oxford will benefit greatly from having such a world class stadium and facilities that are befitting of its great, and historical status and I encourage all parties to support this opportunity.
