Comments	I fully support Oxford United Football Club's proposal for a new stadium. The club has a rich history and has been an integral part of the local community for many years. The new stadium will not only provide a modern and safe environment for players and spectators, but it will also serve as a hub for community engagement and development. The new stadium will create new jobs, attract new businesses, and boost the local economy. It will also provide a state-of-the-art facility for the club's youth academy, which will help to develop the next generation of football talent.	
	Furthermore, the new stam will be designed with sustainability in mind, incorporating green technologies and practices to minimize its environmental impact. This is an exciting opportunity for Oxford United Football Club to secure a brighter future for itself and the community it serves.	
	I urge the local authorities to grant planning permission for this proposed new stadium, and I look forward to seeing the positive impact it will have on the community."
