Support neighbour

My family have been engaged with OUFC for many many years, including my late husband. At times we have been present with 4 generations of our family as regular visitors to the current stadium.

I find it appalling that the supporters of OUFC are being mis-portrayed by a small privileged group who are being supported incredibly by councillors who clearly are pushing their own little private agendas as opposed to truly fulfilling the role they were appointed for representing the wider interests of Oxfordshire!

The economic and environmental benefits of this proposal are clear. Anything contrary to this is pure fiction.

Please show some leadership and approve this once in a lifetime opportunity for Oxfordshire. If you fail to deliver you will never be forgiven
