Comments	Even though I am not a resident in the area anymore I am a life long fan of the football club as is my son, and I whole heartedly support the proposal of the new ground in The Kidlington Triangle. I regularly attend home and away matches and am confident that i would use the train instead of my car if the new stadium is built. At present the current stadium is extremely frustrating to get to , especially on public transport. The additional facilities the new development would bring to the local and wider community can only be a benefit and must be approved by the council. Many thanks	
	Matthew
