| Comments | I support the plans for a football stadium not only because I support oxford united but also it is my belief that if a football stadium is not to be built at the proposed site, that sooner rather than later there will be plans submitted for housing on the same area. They will not likely be 3 bed semi's, but more likely multi storey, high occupancy dwellings. The choice is a football stadium with increased traffic etc for a few hours on 30 or so days each year, or, more housing, more cars, more inconvenience for Kidlington residents, every day, all year round. | |
