Case Officer	Laura Bell	
Organisation Name Address		
Type of Comment	Support	
Туре	neighbour	
Comments	This is an excellent proposal, with the key features being eco-friendly! The close proximity to the train station will reduce the number of supports and staff working at the facilities travelling by car, which will reduce the carbon emissions generated.  The other facilities being proposed will help boost the local economy too, with match days in particular generating income for local businesses.
