I strongly object to oxford united building a new stadium at STRATFIELD BRAKE. As a resident of BEECH CRESCENT on GARDEN CITY ,i can

foresee many problems this would cause for people living close by like myself and for KIDLINGTON as a whole.

The increase of traffic would virtually gridlock roads in KIDLINGTON ,leading to parking problems in nearby areas.

The pollution and noise on match days are not something which local residents should have

to put up with.

It has been suggested that the main road through KIDLINGTON be closed for an hour before and after a match. This is ridiculous.

Last but not least there is the fact that the land on which the proposed stadium would be built is GREEN BELT, and if allowed to go ahead

would destroy precious wildlife habitat.
