Comments	I would like to register my strong support for the proposed development. It is vital to the survival and success of the football club that means so much to so many people in Oxfordshire (myself included).
	I travel to games on public transport whenever possible, but it is not easy at the current location. The new location is perfect, with major train and bus routes next door. The development also takes other environmental aspects very seriously.
	I also think that the proposed development is very attractive and will add to the local community in many ways.
	Many thanks,
	Nick Smith
