Comments	Locating the stadium at the Triangle, adjacent to major roads and public transport links, is a highly intelligent piece of town planning. The planned stadium offers superb and much-

needed sporting and leisure facilities not just for the football club. Oxford United's commitment to the county and to local communities has for many years been outstanding, exemplary, and I have total trust (which I would not have with all football clubs) in their integrity and in their ability to deliver and complete the project as proposed and to fulfil any required conditions.
