| Comments | The stadium is required to safeguard the future of this magnificent club. My father has supported the club all of his life and even helped to build a section of the old Manor Ground. I follow the club and now my Son is a supporter too. If the stadium is not built it will prevent future generations following the family that is Oxford United. The club does a huge amount in the community, has a fantastic fan base and this is a once in a lifetime opportunity for the club to have a foundation for success. Thanks | |
