Comments	I fully support the application to build a new stadium on the scrub land known as the triangle just outside the beautiful village of Kidlington. This will be one of the "greenest" stadiums to be built in the UK if not Europe, with superb transport links for supporters to travel to the stadium. It will also guarantee the future of Oxford Utd Football Club, which is one of the finest community assets the county of Oxfordshire is fortunate to have, which improves the social wellbeing of the people it brings together from across the county. Thank you for your time. Kind regards, Paul Wedge
