Comments	As a supporter of Oxford United, and having had established family in Oxford for over five centuries, I wholly support this application to build a new stadium which our city and county can be proud of. The application is fully consistent with government and local policy on sustainable transport, build and operation, and during its construction will provide valuable trade to local businesses and employ local tradesmen. Once completed Oxonians will have ground breaking facilities accessible for all that reflect our county's world renowned image and reputation for innovation. Please do not delay in approving this application for the benefit of the people of Oxfordshire and the future of our beloved football club.
