| Comments | Having been born in Oxford and lived there and in the surrounding area for over 50 years it's an area close to my heart. Having 3 brothers and children who thrive on football, it's important to see the development of a new stadium for Oxford United. In order to see the continuation of the club in Oxford. The multiple benefits of this are clear providing jobs, | |

investment and a great community hub for young and old.

The eco friendliness of this and the use of what was wasteland seems a perfect use and can only help the traffic flow being developed by a railway station. I fully support this proposal.
