Comments	I am supporting Oxford United 's application to build a stadium at "the triangle" as in my view it will be a great amenity for the area, it will bring jobs and additional revenues to local shops and potentially encourage new businesses to the locality. Provided there is a sound plan for parking and traffic management in place I do not see there being any great detrimental effects on the village. The alternative to not being able to build a new stadium is unthinkable, it would be a great loss to the City of Oxford to lose their professional football club because of the loss of their home, you have a great responsibility to the City not just Kidlington and I urge you to grant the necessary permissions. Yhank you.
