

4. The noise footprint from a stadium covers a significant area, over 2 miles radius in the case of Twickenham, not just on match days but also concerts, fireworks and other events. It seems more than likely that OUFC will apply for music and other event licences to help make its investment worthwhile.

5. Bearing in mind the above we believe the proposed sale and associated development of the land is inappropriate and will adversely affect large parts of Oxford and the surrounding area. Consent for the stadium should NOT be given.
