Comments	I would like to express my objection to this proposal. I don't think a stadium merits the destruction of the green belt.
	I am extremely concerned about traffic. Oxford's traffic is already a mess. We have to be realistic and accept that most football fans will travel using their own cars and will most likely won't use the park and ride. How can you actually mitigate the traffic chaos? Expectin that the fans use public transport is not a plan.
	I am concerned about the noise. It does not seem like you'll be able to contain it.
	If approved, it will be a huge disruption to the Kidlington residents.
