Comments	Having lived in Kidlington for 37 years prior to moving to Bicester in 2017, I am of the view that this development has been a long time coming for the village, which has been falling behind other areas of the county, due to underdevelopment and lack of opportunity. The stadium proposal offer huge work opportunities, a community hub for sports to serve the high youth population in the village and offers the area value, profile and amenities. 100%
