Comments	The move of Oxford United's stadium to the Triangle is not only imperative for the survival of the club, but it can do immense good for the supporters and local community of Kidlington. If fully support the application, noting the environmental improvements the club have promised as well as the incredible number of job opportunities. The access supporters will have to the stadium via public transport also merits supporting the application. Access to the Kassam currently is untenable, putting heavy strain on roads and the stadium car park.
