Comments	Five Mile Drive is already used as a rat run, and getting on to the Banbury Rd when busy is impossible. The road to Kidlington with the new builds and railway is a nightmare already. Should the Golf course be developed in the future, the infrastructure will collapse. The children's football at the week end causes real parking issues in Five Mile Drive and surrounding roads without more parking issues. We have already had an increase in foxes and other wildlife as the work on the A34 has displaced their habitat, we are slowly being hemmed in on all sides. Without complete overall of the roads first, they are in danger of collapsing. The whole area has already faced major upheaval and pollution is getting worse.
