Comments	I am opposed to the stadium being built on the Triangle. For a greenbelt site, this development is far too big, and the impact on local wildlife habitat would be devastating, and lost forever. This site is totally unsuitable for a large stadium, on match days the traffic would be awful, and road closures would cause chaos. Supporters would leave their cars all over the place, just to be close to the stadium. Noise levels would be high, and would easily travel to local housing and Gardens, not everyone is interested in football, and we don't want noise pollution from a stadium.
