Comments	I wish to show my support for the planned stadium in Kidlington. In my opinion it's in an

ideal location with regard to public transport and it will benefit the local community ie jobs and improved facilities. I live in Bicester and can't wait to leave my car at home and use the train or the bus from our local P&R. It will be good for Bicester as well, with people using the bars and restaurants in town prior to catching the train to the stadium. All in all it will be a great addition to Oxfordshire.
