Objection

neighbour

This is simply the wrong location for such a major attraction.

The roads around there are already frequently congested, and major new housing developments around North Oxford will increase this. On match days if there are toad closures there will be chaos. Many supporters will be travelling by car. It is going to be a nightmare. In effect local residents seeking to travel out of or into North Oxford will be trapped.

I also have serious concerns about the environmental impact. Nature is in crisis and the site has some special ecological features that will be harmed.
