This proposed stadium will provide brilliant transport links from all around the county of Oxfordshire. It will greatly reduce the need for car transport & will provide jobs and economic benefit for the people of Kidlington & beyond. This investment into one of Oxfordshire's oldest institutions is fantastic & the planning application and the 'Green Development' element of it will also enhance the biodiversity of the site.

This will also provide jobs for the local area, provide much needed world class facilities for local sports teams & investment into an area that greatly needs it.
