Comments	I am in full support of this planning application. Oxford United need a new stadium and Kidlington would really benefit if it was built on this site. The public transport already

available to reach the proposed new stadium, is excellent and many Oxford United supporters will be able to use it when attending home games. All of us, young and old, will benefit from having new recreational facilities in the village. The stadium will also bring new jobs to the area and will give more opportunities for everyone.
