Objection

neighbour

I am objecting to plans to proposal to build a stadium in the triangle between Oxford and Kidlington. The plan to close a major road artery into Oxford during games is absolutely crazy. Furthermore this is already a heavily trafficked area with little provision for cyclists and it will become even more heavily trafficked with the 2,000 houses being built between to the north of the Cutteslowe Roundabout and Oxford North development being built north of the Woodstock Rd Roundabout. Traffic is already often backed up at these two roundabouts damaging air quality in the surrounding housing areas. The triangle is greenbelt land with natural diversity which will be destroyed. This is not a suitable place for a football ground, not to mention the hotel and other developments being proposed by Oxford United on this site.
