As a lifetime supporter of the club I would like to strongly support the proposals. They would seem vital to the future of the club and its role in the community. The proposals put forward are impressive in design and emphasis on sustainability, including the significant opportunities to encourage access by public transport in this location. Given the lack of any realistic alternatives within the City, the importance to the county and the community to safeguard the future of Oxford United, there is the strongest case to demonstrate the very special circumstances required to justify development in the Green Belt. I hope very much the Council will conclude that there are overriding benefits in favour
