Comments	As a pensioner & lifelong supporter of Oxford United, our very existence depends on the outcome of this planning application. But nobody wants anything built in there "backyard", unforunately that's human nature & I get it. BUT what is proposed isn't just a new ground that will guarantee the clubs ability to keep playing BUT a complex that will benefit Kidlington, the immediate area & local businesses!! What a pefect spot with excellent road & rail links, nowhere better in Oxforshire, is there? Yes, there will be traffic, disruption & inconvenience when home games are played BUT every two weeks on a Saturday afternoon?? The odd midweek game would garner far less of those issues. This stadium isn't just for fans of the club but will benefit many thousands in the Oxon area. This planning application simply has to go through, it will benefit all, NOT just Oxford United fans local people with a sporting mind & there are many!!!
