Comments	I object strongly to this planning application on the following grounds:  1. The site is much too small for such a project.  2. The site has very poor access as it is surrounded by busy 'A' roads and is thus inaccessible to pedestrians.  3. The site is in a green belt area that is already subject to large-sca!e housebuilding and is thus over-developed already.  4. Kidlington is a village, separated from Oxford by this small area of green-belt. It is grossl unfair to build a new stadium in a village external to the focus of supporters of the stadium.  5. On match days, the station car park and park and ride, which are facilities for Oxford residents, would be dominated by OUFC supporters and denied to Oxford residents.  6. On environmental grounds, it is wasteful and environmentally unfriendly to knock down an existing stadium (Kassam) and build another stadium.
