I am writing to give my full support to this fantastic opportunity for the whole community and of course Oxford United. The stadium and facilities have been incredibly well designed and will provide a long term home for a wonderful football club that have given and continue to give so much to the local community. The transport access via train is fantastic and the sensitivity given to biodiversity and sustainability is at the heart of this development design. The development will give a huge boost to local sport - of all ages, capabilities and sexes. The development will of course bring additional employment opportunities and additional business, interest and revenue to Oxfordshire. Permitting this development will showcase nationally all that is good about our community.
