Comments	<input type="text" value="As a resident of north Oxford I am concerned by the likelihood of greatly increased parking on our street on match days. Our street is already heavily parked up

Secondly, I object to the further loss of green space between Oxford City and Kidlington. Already far too much has been allocated for conventional volume house bulders schemes which offer little for the local community in terms of affordable housing or amenities

Thirdly, I am unclear how supporters are to get from the Parkway Station to the new ground across a dangerous roundabout"/>
