Comments	<input type="text" value="Oxford United and the city of Oxford need a football club and thus also a viable stadium. Football is weaved into the fabric of this country and the city needs a club and stadium to be proud of. I am in support of this stadium and what it will bring to the local area. While I now no longer live in the area, I do know the area and it seems to me that this is a sensible position with good transport links."/>
