Comments	<input type="text" value="It is an unsuitable location that will choke transport between Kidlington and Oxford on game days and as someone who used to live near the current Oxford stadium I have seen how fans resort to dumping their cars anywhere on match days which will be a nightmare for the Kidlington area. Futhermore the amount of people and traffic that will be attracted to matches will make Kidlington a no go area for non soccer fans due to the congestion it will inevitably cause."/>
