Objection neighbour

The stadium is a great idea in principle but it is not suitable for the triangle it is totally the wrong location and would be a major disruption to the local area which is already suffering even local supermarket Sainsbury's would suffer further loss in trade and would not be good for the environment we need to protect the green belt from any further development, Oxford city council proposes to build on the north Oxford golf course again destroying a large green area in cdc area there is too much and we have to say NO we need to stop unnecessary destruction of the green belt.
