Comments	As an oufc supporter for many years the move to Kidlington would be great for Oxfordshire and Kidlington, the transport links to the new stadium would mean I could finally enjoy the

atmosphere of a match day without the need to drive, currently the location of the kassam stadium means I have to drive to games on match days, the location and transport links of the new stadium will mean many fans like myself will be able to ditch our cars use the transport infrastructure and enjoy the match day experience
