Comments	I understand the need for Oxford United to find a new home but the site that has been chosen is totally inappropriate. The purpose of Greenbelt land is to protect what little space is left between the village of Kidlington and the city of Oxford. We should be preserving open spaces of land that have clear wildlife and environmental benefits. This development is far too big for the size of land available and makes no consideration for the huge amount of traffic that will descend upon Kidlington. The road safety in itself is one reason that this proposal should be declined.

Oxford United need to find another site that does not impact our Greenbelt land, has adequate parking and road safety and doesn't congest roads for local residents.
